HOPE DAWNS AFRESH IN CITY OF NAPLES

Encouraging News Is Received From Nearby Cities.

KING EMANUEL REURNS TO ROME

Sun Shines Brightly and the Air Is Clear of Ashes and Is Invigorating. Professor Mattucci Predicts that the Volcano Will Now Become Quiet.

Naples, April 13.—7:11 a. m.—All the news received here this morning is encouraging. For the first time since Tuesday the sun is shining all over Naples and although above the city the usual gray cloud is discernible, the fall of ashes has almost entirely ceased.

Ashes, however, continued to fall throughout the night, adding several inches to the accumulations in the streets.

Nearly 6,000 people are employed in clearing the roofs and main thoroughfares. Gangs of men are engaged in piling the ashes in the middle of the narrow streets, which makes the passage of vehicles exceedingly difficult, and adds to the discomfort of pedestrians. The Neopolitans have become, to a certain degree, sun-worshippers. One day they are plunged in the depts of despair because the sun is obscured by falling ashes, and the next day their spirits are buoyant for the sun shines, and no ashes are sprinkling over Naples.

Today the inhabitants of Naples are particularly happy for not only is the sun shining brightly, but the air is clear of ashes and invigorating, with the result that automobile coats and goggles, the ash storm costume, have been replaced by the usual gay-colored apparel, people are arriving in open carriages, and much color has returned to the surroundings that the grayness of the buildings, palms and other ash-covered trees makes a pleasant contrast.

Several men, apparently, have braved the terror of the wild wastes of lava about the royal observatory on Mount Vesuvius. One of them returned here this morning and gave an account of a most interesting conversation which he had with Professor Mattucci, director of the observatory, who was in a very hopeful mood when his visitor left him. The professor said:

"Very little is known of the volcanic forces, so one can never safetly predict what is going to happen. But I think I can, with some confidence, express the hope, based on my experience here, that the explosive period of the eruption has passed. It is impossible to make a positive statement to this effect, but the probabilities point to a quieting down of the volcano. This, however, does not mean that its activity will entirely cease. Unless the crater definitely assumes its new shape, that is to say, when the ridges have been smothered down, there is a possibility of further disturbances. For the present, the light wind blowing will in all probability carry the ashes in a direction which will set Naples free from further annoyance of this nature, and as it is the ill wind is blowing good to other places, for ashes are the best fertilizer it is possible to use. It is merely a question just now of having too much of a good thing."

Professor Mattucci today climbed up Vesuvius to a point along way above the observatory, at the imminent risk of his life, and ascertained that unless the conditions change radically there will be no further discharge of lava at present. He added that it was impossible to determine the quantity of sand in the crater, but as the cone had diminished considerably in height, and the showers of cinders thrown out had been transformed into ashes, he believed the end of the disturbance was near.

Professor Mattucci is not the only person who regards the situation as having improved. King Victor Emanuel and Queen Helena expect to return to Rome today.

Bears Letter to Roosevelt.

New York, April 14.—Ethelbert [illegible] United States consul general [illegible] at St. Petersburg, was a passenger on the steamer Pennsylvania arriving here from Hamburg Friday. He said that he is the bearer of a letter from Count Witte to President Roosevelt. Among the steamer's steerage passengers were 1,600 men, all registered as unmarried, and nearly all of them Russians, who said they had served as soldiers in the war against Japan.

Enforced Bureaucratic Customs.

Berlin, April 14.—An illustration of the faithful enforcement of bureaucratic customs is given to Burger Gazette of Mulhausen, south Germany. A group of buildings at Hueninhen, near the German-Swiss frontier, caught fire on Sunday. A fire engine from Basle, Switzerland, just across the frontier, came to help in extinguishing the fire. The customs, officers, however, would not allow the Swiss fire engine to cross the border unless the firemen paid duty for it, and while the discussion went on, the buildings, which were within 100 yards of the custom house, burned to the ground.

Founded Salvation Army.

Chicago, Ills., April 14.—Commissioner Railton, founder of the Salvation Army in the United States, arrived here Thursday on a return trip to London from Japan, where as a special ambassador of General Booth he has visited the Mikado's kingdom. "The army wields a mighty influence in Japan," said the commissioner. "It has gained many converts to Christianity. Special attention is now being paid to the famine districts whose distress has followed the Russian-Japanese war."

Want Uniform Weights.

Washington, April 14.—For the purpose of obtaining uniformity in weights and measures throughout the country, a convention of state representatives is in session at the bureau of standards with delegates from many states. The delegates are discussing the feasibility of securing legislation providing for a uniform standard of weights and measures, which could be adopted by all the states and territories. With a view to the fruition of this plan a permanent organization has been formed.

Filipinos Make Claim.

Washington, April 14.—An example of cleverness and imitativeness has been unearthed at the war department in a claim by the Filipino church authorities for property alleged to have been commanded by American troops in the early days of the insurrection. The church authorities in this particular case alleged that some of their valuable herds of cattle had been taken by American troops while this claim met by the charge that the insurrectos had seized the cattle.

Will Build Railroad.

Searchlight, Nevada, April 14.—It is stated that a railroad will be built from Manvel to Searchlight at once. The board of directors of the Santa Fe as represented by Superintendent A. G. Wells, passed favorably upon the proposition and articles of incorporation of the Searchlight and Northern railroad, have been filed. Division Superintendent John Denair is authority for the statement that the Santa Fe engineers are preparing estimates of the cost of construction.

Give Views on Castro.

Paris, April 14.—General Matos, the leader of the last revolution against General Castro, in an interview on the subject of the latter's retirement from the presidency of Venezuela, said that Castro would not have abandoned his position unless absolutely sure of being able to gain it again at will. Matos added that Castro probably desires to take a vacation in his native Andes and Acting President Gomez will scrupulously carry out his instructions and give up the presidency when requested to do so.

Mutilated by Dynamite.

Chicago, April 14.—Three boys who procured some dynamite cartridges and proceeded to set them off in a vacant lot, were mutilated for life by the explosion of one of the cartridges. They were Henry Polhaaus, left hand blown off. Herbert Greneie, thumb of right hand and left hand blown off. Frank Ryan, thumb and two fingers blown off. The ages of the boys range from 13 to 14 years.

GREENE AND GAYNOR GUILTY OF CHARGES

Fined $575,649.90 And Four Years In Penitentiary.

SENTENCE WAS PASSED FRIDAY

Greene and Gaynor Were Indicted in 1902, Fought Extradition in New York, Fled to Canada, and Are Finally Convicted.

Savannah, Ga., April 14.—Benjamin D. Greene and John F. Gaynor were found guilty of conspiracy against the government, presenting false claims and embezzlement in the federal court for the southern district of Georgia Thursday, and Judge Emory Speer sentenced them Friday to a term of four years in the penitentiary and to a fine of $575,749.90, the amount each is charged with having fraudulently obtained from the United States government.

The defendants were found guilty with no recommendation, upon each of the indictments. The verdict was returned after the jury had been out for three hours and a half.

For fourteen weeks the case had been in progress and there was the stillness of the tomb in the court room as Judge Speer asked the jury if they had agreed upon a verdict. Foreman Hope Thomas answered in the affirmative and the three indictments were taken and the findings read by the clerk. The jury at the request of the counsel for the defense was then polled, and each member stated that the verdict rendered upon the indictments were his.

The defense's counsel will not discuss the next steps to be taken in the case, nor will District Attorney Marion Erwin say what will be done regarding the indictments against Oberlin M. Carter, Michael A. Connally, William T. and Edward F. Gaynor, who were jointly indicted with the defendants convicted.

Mr. Erwin received a teregram from Attorney General Moody expressing the congratulations of the president and the attorney general upon the outcome of the case, upon which Mr. Erwin has been engaged for seven years.

The trial of Messrs. Greene and Gaynor consumed about 14 weeks. The defendants were charged with conspiracy to defraud the government, and embezzlement, in connection with the big government engineering works in this vicinity. They were indicted in 1902, and, after fighting extradition proceedings in New York, fled to Canada. After lengthy proceedings there, they were finally extradited and were brought to Savannah for trial.

Captain Oberlin M. Carter, of the engineer corps, who had charge of the improvement works under the Greene and Gaynor contract, was courtmartialed for his complicity in the alleged frauds, and was sentenced to be dishonorably discharged from the army and to serve a term of imprisonment of five years.

Beautify Lawns and Yards.

Louisville, April 14.—The pupils in the Louisville public schools were dismissed Friday and sent home to plant flower seeds, 350,000 packages being given out for this purpose. The day was set aside for the beautifying of lawns and back yards, by the board of education, at the suggestion of the committee having in charge the entertainment of visitors who are expected here "homecoming week," two months from today.

Third Victim of Tragedy Dies.

Birmingham, Ala., April 14.—Dr. T. T. Thaxton, third victim of the Burton tragedy, is dead from his wounds. Dr. Thaxton endeavored to prevent Dr. Allen W. Burton from shooting his divorced wife Monday night, just prior to the time he murdered her and then stabbed himself to death.

Ill Health Cause of Suicide.

Dallas, Tex., April 14.—Mrs. G. W. Morris, mother of the principal of the public schools, Mr. Morris at Rice, killed herself at Corsicana late Thursday by hanging herself. Ill health is given as the cause for the act.

TWO KILLED; THIRTY INJURED.

Texas Town Swept by A Fierce Tornado.

Bertram, Tex., April 14.—The town of Briggs, about 18 miles north of this place, in this county, was swept by a tornado Thursday afternoon, and almost completely destroyed. Two persons are reported killed and thirty injured. The fatally injured are:

Hickman and daughter.
Arnett Tabor and wife.
R. A. Patterson and wife.

Seriously injured:

J. T. Hall, postmaster; Professor L. L. Pierce, Young DeWolfe. Other names cannot be obtained.

All the telephone wires out of the town are down for a distance of 3 miles.

The school building was completely demolished, and every busines house in town was either badly damaged or destroyed.

The tornado was preceded and followed by a heavy rain and hail storm, and crops were considerably damaged. The path of the storm was from the southwest to the northeast. The town contained about 250 inhabitants. The names of the dead could not be learned.

Missionary to Japan.

Americus, Ga., April 14.—The Women's Presbyterian Union, representing churches of that denomination throughout southwestern Georgia, adjourned Thursday afternoon after a three days session here. Considerable business was handled and the meeting was a very profitable one. Miss Lois Russel, a beautiful and accomplished young woman of Moultrie, volunteered to go as missionary to Japan supported by this Presbyterian body, and will sail in August. Mrs. Tims, of Moultrie, was reelected president of the union, and Mrs. Gillard, of Macon, secretary.

Purchase of Timber Lands

Jackson, Miss., April 14.—A deal for the purchase of $600,000 worth of timber lands and which means the construction of a railway up the Pearl river valley from Jackson, has been closed, the purchase money being paid and the deeds formally transferred. The transfer is from Foley and Larson, of St. Paul, Minn., to Fred Herrick, of Lac deu Plaibeau, Wis., and embraces over 50,000 acres of yellow pine and hardwood timber lands. It also involves the dismissal of a suit of $200,000 against Foley and Larson.

New Railroad Chartered.

Madison, Ga., April 14.—The Secretary of state has granted a charter to the Bostwick Railway company, of Bostwick, Morgan county. It will be a very short line, only 6 miles, and will tap the Central railroad at Appalachee. It will run through one of the richest sections of the state, and will greatly enhance the value of property along its line, and will be a big impetus to the thriving village of Bostwick.

Will Not Move Offices.

Savannah, Ga., April 14.—A committee of the Savannah chamber of commerce that was appointed to present the advantages of this city to the officials of the Seaboard Air Line and seek to have the general offices of the company located here, has received a message from President Barr, stating that the general offices of the company, which are at Portsmouth, Va., will not be moved.

Celebrates 106th Birthday.

Americus, Ga., April 14.—Clarke Rowe celebrates here his 106th birthday, and is the oldest resident of southwestern Georgia and probably of the state. Rowe is a bright mulatto of Indian ancestry, and fought with his masters throughout the Indian, Mexican and civil wars. He was reared in Coweta county, and is still robust and hearty, working daily in the fields.

Will Make No Concessions

Charleston, W. Va., April 14.—Operators of [illegible] Ohio who are to meet the miners in conference state that no concession short of an agreement to arbitrate the differences would be made.

Government Deals in Coal.

Wellington, N. Z., April 14.—The government of New Zealand has started in business as a dealer in coal, having established a general retail system of distribution of state mined coal.

THOMASVILLE SWEPT BY CONFLAGRATION

200-Room Hotel And Two Blocks of Stores Burned.

TWO FIRES DURING ONE NIGHT

After Telegrams Cancelled Appeals to Other Towns for Aid, Flames Broke Out Afresh—Are Finally Gotten Under Control.

Thomasville, Ga., April 14.—Fire on Thursday night destroyed the famous Piney Woods hotel, swept two blocks of small stores on either side of Jackson street, and damaged the Thomasville iron works.

The losses amounted to more than $100,000, and are the result of two fires which started six blocks apart.

The first fire started in the basement of the famous resort hotel, "The Piney Woods," which, since April, 1905, has been vacant. The hotel was of frame structure, and in a few moments was a mass of flames. The fire department was utterly unable to cope with the situation, and in less than an hour the immense 200-room structure was burned to the ground. With it went an old Baptist church in the hotel yard, used as a cottage, and another cottage. Negro houses nearby were also burned.

Just as it seemed that the flames were under control, and a telegram cancelling an appeal to Bainbridge, Quitman and Valdosta for help was sent, the flames broke out afresh in the southern part of town, six blocks from the scene of the first blaze.

This fire is supposed to be of incendiary origin. It swept two blocks of small stores and negro tenant houses on either side of Jackson street, and damaged the Thomasville iron works. The loss is about $25,000, with insurance unknown.

School Principal Placed Under Arrest.

Birmingham, Ala., April 14.—The adjoining corporation of Woodlawn is tensely excited over the arrest of Professor John Pritchitt, principal of one of her two schools, upon a charge of cruelly whipping and mistreating a pupil. The boy's father, Fred Smith, swore out the warrant upon which Professor Pritchitt was arrested, and the board of education, after sitting upon the matter at a called meeting, declined to interfere. The case is set for hearing before a justice of the peace next week.

Advertise for Workmen.

Pittsburg, April 14.—The coal operators who have signed the scale with the miners are advertising for workmen. This is partly due to the fact that last month when a shut down seemed inevitable in this district, many of the foreigners decided to visit their old homes and have not returned. According to statements of local operators, every mine is in condition for operation for running time. Already there is a scarcity of cars in certain districts.

Big Mortgage Filed.

Birmingham, Ala., April 14.—An equipment mortgage for $9,000,000 has been placed on file in Birmingham in the Jefferson county probate court by the Southern Railway. The mortgage covers the construction of 85 freight and 35 switch locomotives and of 7,750 box and coal cars. The mortgage is understood to have been filed simultaneously at various points in the south.

Hold First Session of Conference.

Richmond, Va., April 14.—The first session of the inter-collegiate conference on police and arbitration was held Friday at Hartham college. Addresses were made by William Dudley Foik, former United States civil service commissioner, and Benjamin F. Trueblood, secretary of the American Peace association, Boston, Mass.

Good Friday Not Observed.

New York, April 14.—For the first time in many years Good Friday was not observed as a holiday in New York. All the city departments were in operation, and the stock exchange was open as usual. [illegible] of these institutions [illegible] responsible for the [illegible]

SENATOR M'CREARY REFUTES CHARGE MADE BY S. V. DUKE

Denounces as False Statement That Duke Paid Him Money.

HE NEVER RECEIVED A CENT

For Any Service Rendered Duke in Legislature, and Declares This Affidavit Was Made Through a Personal Grievance by Duke.

It having come to my knowledge that one Samuel V. Duke, who for years conducted a saloon in this city, had made an affidavit stating that he had paid me money to pass a bill through the Legislature, I secured from the party who had the affidavit and was giving publicity to it, the following copy of same:

"STATE OF FLORIDA }
"ALACHUA COUNTY. }

"Personally appeared before me Samuel V. Duke, who being duly sworn deposes and says that in the year 1903, when Alachua county was voted dry, the State and county was due me for the unused and unexpired part of my license from June 1903 to October of the same year, and in order to get relief and have the money refunded to me, it was necessary for me to apply to the Legislature for what is called a Bill of Relief, and to accomplish this I wrote a personal letter to Senator H. H. McCreary, who was in the Senate from Alachua county at that time, and asked him to aid me in having this bill of relief passed and Senator McCreary charged me $100 for his services in passing this measure, and the said $100 was paid him.

"SAMUEL V. DUKE.

"Witnesses:
"P. MILLER,
"W. T. POUND.

"STATE OF FLORIDA }
"ALACHUA COUNTY. }

"Before me personally appeared S. V. Duke, to me well known, who being duly sworn says that the foregoing statement is true. Witness my hand and official seal this 11th day of April, A. D. 1906. E. E. VOYLE,

"[SEAL] Notary Public State of Florida at large.

"STATE OF FLORIDA }
"ALACHUA COUNTY. }

"I, S. H. Wienges, Clerk of the Circuit Court of Alachua county, do hereby certify that the above is a true copy of the paper delivered to me by Col. J. B. Dell. Witness my hand and the seal of said circuit court this April 13, 1906. S. H. WIENGES, Clerk.

"[SEAL.]"

The above statement is an unqualified falsehood. Duke never paid me a cent in his life to pass any kind of a bill through the Legislature, and I never in any manner whatever intimated to him that I would charge him or anyone else to do such work. On the contrary, I positively refused to introduce a bill for the special relief of Duke and others in Alachua county who had been voted out of the saloon business before the expiration of their license, because it was special legislation, and the constitutional provision requiring sixty days' notice of intention to apply for such legislation had not been complied with. Duke wrote me about May 1st, 1905, stating that his attorney would send me the bill to introduce, and I replied to him that I would not introduce such a bill, for the above reason, that I had consulted the best lawyers in the Senate and they agreed with me that the bill would have to be general in its provisions and not apply solely to Alachua county. To this letter Duke replied as follows:

"Gainesville, Fla., May 11, 1905.
"Hon. H. H. McCreary,
"Tallahassee, Fla.
"Dear Sir:

"I am in receipt of yours of recent date, and in reply would say that I thought Mr Gibbons of Jacksonville capable of drafting and presenting the bill as it should be. As for the opposition you speak of, I have never yet met a taxpayer or man of any prominence that did not say that the saloon men were entitled to a refund of money for the unused license. I also am surprised at the stand you take, as I had stuck to you against my friends in your election, facts which you are well aware of. It is a fact that I do not want anything from the State, county or individual that is not justly mine, as I consider the money of mine which is being used with no benefit to myself. Yours.

"S. V. DUKE."

I did not appreciate the above letter, and so wrote Duke in very plain language, to which I never received an answer. Some days later Duke's attorney came to me in the Senate chamber and asked me to introduce the bill. I politely informed him that I would not do so in the shape he had drafted it, but if he would make the measure apply to all counties, and not specially to Alachua, I would introduce it. He complied, and I introduced the bill and it finally became a law, the attorney for Duke spending a great deal of time in Tallahassee and looking specially after the passage of the measure. I do not know what amount Duke paid the attorney in the matter, but I repeat that the statement that he paid me any sum whatever for my services, is false. I was not in Gainesville from the convening until the closing of the Legislature, and if Duke was in Tallahassee during the session I was never aware of his presence; hence, if he paid me money he should have some kind of paper to show that he sent it to me, for had I charged him anything I would have seen to it that I got the money in advance. The fact that I would not introduce the bill as a local measure, I am informed by Duke's attorney, cost him an additional attorney's fee of one hundred dollars on account of expenses to Tallahassee, but I had nothing to do with this.

Personal Grievance.

Those who know Duke best are aware that he always harbors in his breast enmity against those with whom he has had any personal difference, and for some years he and I have had occasional differences concerning adjoining property, the latest being occasioned by the erection of a bakery by him adjoining one of my wife's cottages, the soot from said bakery being a source of great annoyance to myself and family. I cannot imagine why he should make such a charge against me unless it was for this personal matter. However, Duke informed Marshal Pinkoson that he opposed and would spend a thousand dollars to defeat any man for office whom Major Thomas supported, and probably this accounts for the affidavit. But no matter what influenced him to make it, the same is untrue, and the opposition to my candidacy must certainly be hard up for campaign literature when they resort to the use of affidavits from such sources as this document emanates from.

In conclusion I assure the people that the affidavit is untrue, and if I am returned to the Senate I will faithfully and efficiently look after the interests of the people, and that my vote will be found recorded in favor of the moral side of every issue that presents itself for my consideration.

Very truly,
H. H. MCCREARY.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bullet. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. J. W. McCollum & Co.

State Organizer Here.

State Organizer Wilson of Jacksonville paid Carpenters' Union No. 1360 an official visit Saturday night, the meeting being well attended. Organizer Wilson made a few appropriate remarks, which were well received by his fellow workmen, many of whom also made short talks of encouragement. Organizer Wilson also met the carpenters' council and laborers' union, recently organized, on Thursday night, and the colored carpenters' union on Friday evening.

THE GEORGIA MAGNET.

Miss Abbott Will Give One of Her Wonderful Performances Here.

Miss Annie May Abbott, world-famed as the "Little Georgia Magnet," will appear on Wednesday, April 18, at the opera house as the last attraction of the season. She needs no introduction to the Gainesville public, as many will remember her from a former engagement here several years ago. And to comment on her mysterious power is but idle speculation, for after all the volumes of comment and theory her case has caused, the one word phenomenon is the only recognized explanation of her peculiar force. She has proven a "magnet" indeed, and continues to create a sensation wherever she exhibits.

MISS ANNIE MAY ABBOTT,
The Georgia Wonder.

The Tampa Morning Tribune, in speaking of her performance at the Tampa Bay Casino on March 28th, says she has lost none of her power during her prolonged stay abroad, and that her performance was the best she had ever given in Tampa.

In writing of her reception abroad The London Times says: "Never was there an attraction before that has received the distinction and favor that Miss Abbott has met with. Scientific societies, medical and professional men go wild and literally drag her before them, while to our Prince Edward is due the credit of introducing her to the Royal Household, and; now that she is on the continent scarcely a week passes but we see accounts of her exhibiting before some crowned head. I doubt if there is now a single King or Queen, Emperor or Empress, but who has honored this wonderful little American with a command. We now read of her appearing before the Sultan."

Tickets are now on sale at Avera's. Prices 25, 50 and 75 cents.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

OLD SORES OFTEN LEAD TO CANCER

Whenever a sore or ulcer does not heal and shows signs of becoming chronic, it should arouse suspicion, because many of these places lead to Cancer. It may appear as an ordinary sore at first, and is given treatment as such, with some simple salve, wash or plaster, with the hope that the place will heal, but the real seat of the trouble is in the blood and cannot be reached by external remedies, and soon the sore will return. After awhile the deadly poison begins to eat into the surrounding flesh and the ulcer spreads rapidly, becoming more offensive and alarming until at last the sufferer finds he is afflicted with Cancer. Cancerous ulcers often start from a boil, wart, mole or pimple, which has been bruised or roughly handled, showing that the taint is in the blood, perhaps inherited. Another cause for non-healing ulcers and sores is the remains of some constitutional disease or the effects of a long spell of sickness. S. S. S. goes down to the very root of the trouble and cures so thoroughly that there is never any sign of the trouble in after years. As soon as the system gets under the influence of S. S. S. the place begins to improve, the discharge gradually grows less, the inflammation leaves, the flesh resumes its healthy color, and soon the sore is well, because every vestige of the cause has been removed from the blood. Book on sores and ulcers and medical advice without charge. THE SWIFT SPECIFIC CO., ATLANTA, GA.

I was suffering greatly from a cancerous ulcer on my left breast, which had begun to eat, and at times would discharge very offensive matter. I knew the trouble was hereditary as an only sister, my mother and two of her sisters died of Cancer. I am fully satisfied I would have gone the sameway but for S. S. S., which cured me.

THE STATE W. C. T. U. CONVENTION ENDS

With a General Feeling of Satisfaction at Work Accomplished.

A VERY PROFITABLE SESSON

Resolutions Passed Complimenting the People and Press of Gainesville. The Most Successful Meeting Ever Held.

Friday was the closing day of the W. C. T. U. Convention, and at noon the proceedings of this year's successful meeting went into history.

The twenty-third annual session has been one of the most enthusiastic in the history of the Union in Florida. The work no doubt will be of great benefit, as many expressed themselves as getting an inspiration which would be conducive of much effort in the advancement of the future plans of the work. One of the special features to the progress of the work is the publicity which will be given it. Eight representatives of newspapers were present and securing convention notes. Six others had access to their home papers, and were urged by the convention reporter to grasp the opportunity to let the public know what the W. C. T. U. were doing.

The convention, before adjourning, resolved that the years 1906-7 would see greater accomplishments in the work planned and perfected than in past years.

The convention went into executive session for the election of superintendents and district presidents.

After reading the minutes, Mr. Laura B. Sturrock of St. Andrews Bay read a paper on "The Value of Reports and How to Have Good Ones," which contained many helpful suggestions.

A very interesting discussion followed in regard to the political situation, and it was decided to work for the best men and measures.

Following the discussion the members of the Gainesville Union present, together with Rev. S. B. Rogers, pastor of the First Baptist Church, were called to the platform, when Miss Neal introduced each one separately to the convention. Rev. Rogers, who is equal to every occasion, responded in a way that won all hearts. Mrs. Turner, the local president, told of her pride in her Union and the noble band of co-workers. Mrs. Futch spoke of the great pleasure she experienced in having the convention in Gainesville and the mutual benefit which would be received, also that a feeling of sadness came over her that the parting hour had come. Mrs. Doig, who was elected State treasurer, said she appreciated the high honor that had been conferred upon her and she would try to deserve it. All the ladies responded gracefully. Miss Prentiss paid the convention a high compliment, and said she thought Florida had adopted her. She never had attended any that excelled this in devotion to the cause.

The conclusion will linger in the minds of all, as they joined hands and sang "Blest Be the Tie That Binds."

The committee on resolutions had a considerable amount of work. It had resolutions regarding State and National affairs, besides much of a local nature. To Congressman Clark from this district a vote of thanks was extended for the stand he had taken in the temperance cause; and Mrs. M. N. Newton, National Organizer, was not forgotten.

The following resolution was passed with much enthusiasm:

"Resolved, That we express to the Gainesville Union and to the citizens who so cordially received us into their homes, our appreciation and heartfelt thanks for their untiring efforts to minister to our comfort and enjoyment, and especially for the elegant reception given the convention at the beautiful home of Mayor Thomas; that we extend our sincere thanks to the pastor of the Baptist church for the encouragement of his presence and his help in our meetings; to the trustees of the Baptist church for the use of the church; to the school trustees for the use of the Academy; to those who welcomed the convention so heartily; to those who furnished delightful and inspiring music; to Mrs. Elizabeth A. Smith, the faithful organist; to the press; to the liverymen and others who furnished carriages for the delightful drive tendered the convention; and especially to the pupils of the High School and the little Misses Till of Jacksonville, who gave the entertainment for the last evening."

Letter to Carter & Owen, Gainesville, Fla.

Dear Sirs: There are several ways of cheating in milk. An old-fashioned way is to water it. Nobody waters it now. A better way is to take out the cream—rich milk with the cream taken out is as good as poor milk with its cream all in.

But we needn't go into particulars. You don't rob your milk and your customers.

Paint is as easy as milk to cheat with. Good paint is as rare as good milk; for human nature is much the same in milkmen and paint men.

You are just and true with your milk; so are we with our paint. Devoe lead-and-zinc is twice as good as mixed paints. There's twice as much butter in it.

Mr J. T Ladd, Cheraw, S. C., writes:

"When Mr. Evans painted his house with Devoe, he figured on how other paints covered and had enough left to paint three large rooms. He was so pleased that he has used Devoe on two other houses."

Yours truly,
F. W. DEVOE & CO.,
New York.

MANY APPLICANTS EXPECTED

Board is Composed of Seven of the Leading Physicians of the State—A Two-Day Session, Which Will be Held in Seminary Hall.

The regular semi-annual meeting of the State Board of Medical Examiners will convene in this city for two days, beginning Monday, when a large number of applicants will probably present themselves for examination. The examination will be conducted in the East Florida Seminary hall, and will begin at 9 o'clock a. m.

The members of the board are as follows: Drs. J. D. Palmer of Tallahasse, J. D. Fernandez of Jacksonville, J. M. Fogarty of Key West, A. L. Blalock of Madison, J. H. Pierpont of Pensacola, I. D. Harris of Orlando and J. Harrison Hodges of Gainesville.

The State Medical Association will convene here on Wednesday, and a large delegation is expected from every section of the State.

The Richest Man in the World.

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebannon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." J. W. The egg market was very active yesterday and the hens were taxed to their utmost capacity.

Georgia has a State League of nominees for Governor. It is only a four-team league, but is growing.

The temperance movement in Gainesville should receive new life as a result of the recent meeting of the State W. C. T. U. in this city.

The true inwardness of the Dowie regime will not be exposed, which will reveal a state of degeneracy quite sickening to respectable people.

Mr. Cortelyou has recently begun the study of law, and hopes to be qualified by June 1st, when Judge Brown retires, to ask for the place.

The famous Piney Woods Hotel at Thomasville, Ga., has been burned to the ground. This was one of the famous resort hotels, made so by the late Mark Hanna and President McKinley.

Greene and Gaynor got their desserts at the hands of Jugde Speer, and it is a pity some of the other offenders could not be brought before him. After their terms of imprisonment of four years each are over, they will have had time to consider that it might pay to be moderate, at least, in their stealings.

The man and woman who try to make their home the most interesting spot on earth for each other and their friends and those who are near and dear to them, have but occasional use for the club. It is to them, like the theater, a pleasant place to enter now and then but not a spot to dwell in.

The musical festival announced for next week by Dr. Strouse, to be given by the Abel Orchestra, it is hoped will be the nucleus for an annual spring musicale in Gainesville. There are few cities of the size of Gainesville that are more musically inclined, and we have many young musicians that would greatly profit by such a gathering of high class musicians. Let us do all we can to encourage the musical festival.

State insurance should prove a remedy for the policy-holders of the old-line companies that have recently been investigated. By the organization of State companies a minimum rate for insurance could be obtained, so that nearly every man could be able to provide for his family. In the old companies it but natural that the managers will work for personal profit whenever opportunity offers, and with a State company no such occasions would occur.

The editor who can please everyone is not fit for this world, but is entitled to wings. Human nature is constructed so that some like scandal, some don't; some like the truth told about them, others don't. Some like to take the paper for seven or eight years and never miss an issue or pay a cent and get mad and stop their paper when they get a statement of their account; others don't. It is some consolation to know that the Lord himself failed to please everyone while on earth.

EASTER SUNDAY.

The Christian churches all over the world will celebrate this day with great solemnity and rejoicing, as it emphasizes the great truth of the Christian faith, and all the nations of the earth today which have received this faith stand in the front rank.

To the true Christian Easter signifies much. "It speaks to the comfort of personal griefs and bereavements," says the eminent Bishop Candler. "The supernatural history of the church is the perpetual miracle which demonstrates the fact that Christ has indeed risen from the dead, and the resurrection of Christ is the proof of the persistence and imperishability of human personality. He has brought life and immortality to light in the Gospel. There is not in all the earth a church, or humble chapel, which does not testify to the fact that He has risen. If he had not risen such houses would never have risen on the face of the earth. Let the sorrowing go to God's church on Easter morning and press their wounded hearts against the bare cold walls, and they shall find even there the pulsations of immortal life for the solace of their souls. The carpenter of Nazareth built all the churches in the world and He has not quit building."

TO AID SUFFERERS.

There are many appeals coming to this country to aid suffering humanity throughout the world, and they are never turned away empty-handed. Scarcely had the last package been shipped to the starving thousands in Japan before word comes from Italy that there are thousands in that country who have lost their homes and their all by the eruption of Mount Vesuvius. In Italy the suffering will be great, as the homes and hundreds of acres of land have been buried under an avalanche of lava and sand that in many cases cannot be removed for a long time, if at all.

The people who lived upwards of twenty miles away from the destructive volcano have been the victims of the eruptions, and although there is not any further serious danger apprehended at present, it is not certain how long the tronblesome old ejector of destructive fire and ashes will remain quiet.

Relief committees have been formed in many of the larger cities of this country, and the people of Italy will learn in a few days from substantial evidence that the people of this country never turn a deaf ear to the cry of those in distress, no matter where they may be.

A LAKE CITY DIALOGUE.

Candidate for Judge—Dear friend Lake City, I sincerely trust you will vote for me?

Lake City—No, sir! Never while life lasts!

Candidate—Why, my good friend, am I not suitable timber for the position I seek?

Lake City—Oh yes, you are learned in the law, conscientious, industrious, just and upright, and decide cases according to law; but you see you decided *my* case *against me*, and for that reason I can't vote for you; I don't want anybody on the bench unless he decides in *my favor*, and he must do it every time, right or wrong!

It is stated that an order has been issued by the G. A. R. to place flowers on the graves of Confederate soldiers on Decoration day, May 30th, as well as on those of the Federals. No order like that has ever been necessary, for the true American soldier, North or South, has done that ever since the first Decoration day.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

THE EASY OIL.

Scott's Emulsion is "the easy oil"—easy to take, easy in action. Its use insures deliverance from the griping and nauseating sensation peculiar to the raw oil. Nobody who has any regard for their stomach thinks of taking cod liver oil in the old way when Scott's Emulsion is to be had. It is equally certain that no one having a regard for their health will accept a cheap emulsion or alcoholic substitute for Scott's Emulsion. It fulfills every mission of cod liver oil and more.

TICKETS CALLED "CIGARS."

D. B. Palmer, of Columbus, Placed Under Bond.

Columbus, Ga., April 14.—D. B. Palmer, a well-known citizen, was bound over by United States Commissioner Brown on the charge of writing and mailing a letter concerning the sale of lottery tickets. He promptly made the required bond.

The government produced a letter written by Mr. Palmer to Louis G. Stratkeon, New Orleans, in which he offered to sell "cigars" for him at a commission of 30 per cent, saying that this might seem high, but "the business is dangerous."

The government claims that the "cigars" referred to were really lottery tickets, Stratkeos' place in New Orleans was raided and Mr. Palmer's letter to him found by the officers. Postoffice Inspector Platt, of Macon, swore that Mr. Palmer admitted to him that his letter was regarding the sale of lottery tickets.

Grip Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of lagrippe with all its miserable symptoms," says Mr. J. S. Egleston of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a double dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip." Sold by all druggists.

Indicted for Murder.

New Haven, Conn., April 14.—Mrs. Ida J. Jennings and her son, Hubert W. Taylor, have been indicted by the grand jury for murder in the first degree in causing the death by shooting, of Jose Jennings, husband of Mrs. Jennings in East Haven Sunday night. Both are held without bail. The prisoners asserted that discovered Jennings lying beside the road a quarter of a mile from him he in a dying condition, with two bullets in his body.

TWO SLAYERS ARE SET FREE.

No Bills Are Found Against Hightower and Purcell.

Atlanta, April 14.—Among the forty cases which came up for investigation before the Fulton county grand jury Thursday morning, there were two which were the object of much interest, those of Walter J. Hightower and Frank Purcell.

No bills were returned in both these cases. Purcell had been released at a preliminary hearing, and Hightower, who had been kept in the Tower since the killing of Wilmouth, was made a free man Thursday.

The Hightower tragedy, which is most fresh in the minds of the people, occurred on the night of April 3. Ben Wilmouth, an old friend of Hightower, crazed with love for Hightower's sister, Mrs. Carrie Bryan, shot the woman in her brother's presence, at 11 Hampton street. Hightower pursued Wilmouth with a pistol, and finally killed him with a knife.

Frank Purcell, a barber in the Piedmont hotel, killed his own father at the residence on Courtland street, when the elder man, in a drunken rage, attacked his wife and young Purcell's wife. In order to protect the two women, Purcell fired at his father, killing him almost instantly.

HEALTH IS YOUTH.

Disease and Sickness Bring Old Age.

Herbine, taken every morning before breakfast, will keep you in robust health; fit you to ward off disease. It cures constipation, biliousness, dyspepsia, fever, skin, liver and kidney complaints. It purifies the blood and clears the complexion. Mrs. D. W. Smith, Whitney, Texas, writes April 8, 1902: "I have used Herbine, and find it the best medicine for constipation and liver troubles. It does all you claim for it. I can highly recommend it." 50c. Sold by W. M. Johnson.

Kills Man; Wounds Wife.

New York, April 14.—Edward Scanlin was shot and killed and Patrick Donovan and Mrs. Herman Miller were wounded by Miller in the apartments of Miller in East Thirteenth street Friday. Miller asserts that the shooting was done to protect his wife, who he alleges was seized by the throat by the men when she answered their knock on the door. Miller also said the men had been friends, and had attempted to rob him. He was arrested on a charge of homicide. Miller up to six months ago was a sharpshooter in the United States army, serving in the Philippines. The wounds of Donovan and Mrs. Miller are not regarded as dangerous.

THROUGH SCHEDULE ON THE A. C. L.

St. Petersburg-Jacksonville Trains to Come Via Gainesville.

WILL BE FINE SERVICE

Schedule Will Go Into Effect Monday, and Will Materially Effect the Time of Departure and Arrival of Trains Here.

At last Gainesville will be favored by another through train service, the absence of which has greatly hampered her interests for the past few years.

It has been said, and is a fact, that it has been almost impossible to get out of Alachua county during the past few years without changing cars, nad this fact has had a tendency to prevent many people from visiting Gainesville or making their home here. It is true that the Seaboard Air Line has operated to the great comfort and convenience of the traveling public a good through train from Cedar Key to Jacksonville, but the service on other roads has been somewhat unsatisfactory and inconvenient. It has not been the fault of the officials, however, who have been exercising their efforts with headquarters in the matter of securing a through service.

But the establishment of the new third district of the Atlantic Coast Line has brought that service so long desired. Beginning Monday, the 16th inst., the St. Petersburg-Jacksonville trains will operate via Gainesville, instead of Palatka, as heretofore, and a shoo-fly train will run between Rochelle and Palatka, making connections at both ends. The High Spring-Citra train, which has been of such a convenience to those who desired to visit Gainesville and return the same day, will be continued.

For time of arrival and departure of trains, reference is made to the schedule, which appears elsewhere in this paper

HIGH SPRINGS NOTES.

Memorial Day Will be Observed—Personal Items of Interest.

High Springs, April 14.—Memorial Day will be observed in High Springs with appropriate exercises. Col. Chris. Matheson will deliver the address, and the committee on arrangements will endeavor to make the other features of the program worthy the day. The Veterans, their families and friends throughout the county, are cordially invited, and are promised an enjoyable day. Col. Matheson's speech alone would make the occasion one of note, and it is expected that the Veterans will give personal reminiscences of their experiences in the Great War. A basket dinner will be served and all are requested to bring well-filled baskets.

The Easter Egg party at the home of Henry Richardson, Thursday night, was one of their usual efforts in that line—a magnificent success socially. These entertainments are notable features of the year, and each one counts himself fortunate who attends. Mr. and Mrs. Richardson are charming hosts, well known for their hospitality. The invitations to their entertainments are not limited as to number, but are extended to the public at large.

Mrs. H. C. Stevens is visiting in Ocala this week.

Mrs. I. Ware has returned from a visit to Leesburg.

Mrs. Maidie Cloud is in Lakeland visiting Mrs. Norvelle.

AT THE CHURCHES TODAY.

PICNIC AT BELL.

The Candidates and the People Will Have a Big Time.

There will be a basket picnic given by the Bell people and citizens in general in the surrounding country at Jaxville school house on Thursday, April 26th. The location being very fine for a picnic, it is hoped to see a very large attendance, and a cordial invitation is extended to the candidates to be present and show their fitness for the various offices they aspire to. The committee requests all citizens to bring well-filled baskets so that all may be well fed and have a good time.

THOS. W. FIELDING, CANDIDATE FOR STATE ATTORNEY.

Mr. Thomas W. Fielding of this city, who is a candidate for State attorney of the Eighth Judicial Circuit, composed of the counties of Alachua, Baker, Bradford, Levy and Putnam, is the type of young man that may be looked at in confidence to always align himself with the forces that must keep up a never ending contest to sustain and uphold that which is best and most ennobling in our social and political systems. He has soundness of character and brilliancy of intellect, and to the duties that the day brings to him he comes with energy unspent, mind untainted and character unsullied by the dissipations that weight down those who, unlike this steadfast and stalwart young man, are lacking in strength to put temptations behind them.

Born on a farm in Columbia county thirty years ago, he is a native Floridian and one, too, who has known the trials and vicissitudes that beset the pathway of the boy of ambitious spirit who is confronted by the necessity of making his own way in the world. He has been tried out in the severe crucible through which all the self-made men of our great country have passed, and he has triumphed, coming forth from the struggle with the splendid character, which was his priceless heritage from honorable and Godly parentage, gracefully rounded by the ruggedness of the pathway along which he has passed, and with his intellect cultivated and trained with an energy born of the pressing necessity of getting from his school days—days bought by the carefully husbanded savings from the wages received by him from his own daily toil, and therefore limited as to number—the training that must bear him up through the battle of life and bring him as nearly as possible to a realization of the honorable ambitions and high purposes that filled his heart and mind.

In his youth Mr. Fielding lived with his parents on their farm in Columbia county, and attended the neighborhood school. When he was twenty years of age his father, who was both a Mexican War and a Civil War veteran, died. Young Fielding was then confronted by the duty of assisting a widowed mother to care for and rear a family of younger brothers and sisters and the task of securing for himself educational equipment to cope with the world. He met these new conditions bravely, working in sawmill, store or field, wherever his hands could be most profitably employed, and through his industry and the self-sacrifices that a good mother and an ambitious boy can make to surmount difficulties, he was enabled to take a course at the Florida Conference College and later to spend a term at the North Georgia Agricultural College. Having chosen the law for a profession he went from the North Georgia Agricultural College to the Law Department of Stetson University. Here he spent two years, taking the full law course and graduating high with honors. Added to his splendid training at the University he has had about five years of active practice, during which time he has been connected with the greater number of the important cases to come before the courts in this county. In this practice he has displayed ability of the highest order, winning for himself a commanding position at the bar of the 8th judicial circuit, and showing that he is capable of coping with the best intellects in his profession. In his professional duties as well as in the daily transactions of his life he has occupied high ground, demonstrating by his every act that he is worthy of the highest esteem and fullest confidence of the best citizenship of his native State.

In politics Mr. Fielding is a Democrat, of course. But he has had no hand in factional strife and would, therefore, elevate this most important office above the petty bickerings of factions, cliques and rings, where it properly belongs and where it must be kept at all hazards if we are to have a full and proper discharge of its duties and see the majesty of the law upheld by the courts, for it must be borne in mind that upon the State attorneys of the several judicial circuits rests largely the responsibility of holding the lawless and criminal element in check.

Endowed with rugged character, the first and highest essential of the man who is to be charged with a public trust; having a lofty conception of the ethics of his profession and of the duties of a public official; high-toned and moral in his private life; unhampered by entangling alliances, and possessed of ability entirely above question, Mr. Fielding's qualifications for the position are, we think, fully established, and if the Democratic voters of the circuit see fit to bestow the honor upon him it will be worthily worn and its obligations discharged with energy and strict fidelity.—Editorial in Starke Telegraph, April 13th.

NEWS OF CITY AND COUNTY CONDENSED

Mrs. T. W. Wynne and two children of Meredith were in the city Saturday.

Mrs. D. B. Hastings of Massachusetts, who has been the guest of Mrs. E. M. Walton, is being entertained by Mrs. Cadwallader.

POLITICAL ANNOUNCEMENTS

For State's Attorney.

To the Democratic Voters of the Eighth Judicial Circuit of Florida:

Believing that my thirteen years' practice of law, together with my experience as a prosecuting attorney, fully fit me to discharge the duties of State Attorney, I, therefore, at the request of many friends, announce myself a candidate for nomination in the Democratic primary for State Attorney for the Eighth Judicial Circuit of Florida. If nominated, I pledge myself to courteously, economically and faithfully discharge the duties of the office and to help maintain the dignity and honor of the court. Respectfully,

JOS. M. RIVERS.

To the Democratic Voters of the Eighth Judicial Circuit of the State of Florida:

Having served you in the capacity of State Attorney since July, A. D. 1903, and trusting that you have approved of the manner in which I have represented the State and discharged my duties, I solicit your votes at the coming primary for the position of State Attorney for the Eighth Judicial Circuit.

Very respectfully,

Palatka, Fla. BENJ. P. CALHOUN.

I respectfully announce that I am a candidate for the office of State's Attorney for the Eighth Judicial Circuit of Florida, composed of the counties of Alachua, Baker, Bradford, Levy and Putnam. I conceive the faithful and energetic discharge of the duties of the office to be a sacred obligation to the State, and, if the voters of the circuit favor me with the nomination, I pledge them that the interests of the State and of society shall not suffer through favor or negligence of mine.

THOS. W. FIELDING.

Starke, Florida.

For State Senator.

To the Democratic Voters of Alachua County:

I have, on various occasions, been earnestly requested to enter the race for State Senator from this county, and, until now, have declined to do so, because I had no desire to oppose the Honorable H. H. McCreary, who has rendered such valuable service to our county in the State Senate. But since he has withdrawn from the race I will be a candidate, subject to the Democratic primary.

Having served in both branches of the Legislature in the past, I feel that I am the better qualified to serve the best interests of our county at this important time.

Earnestly soliciting your support at the coming primary, I am your humble servant.

JOHN B. DELL.

In reference to my declination, which appeared in The Daily Sun of 20th inst., the same was made in what I conceived the interest of harmony. However, I have reconsidered same and am a candidate for the State Senate.

H. H. McCREARY.

I respectfully announce my candidacy for the Democratic nomination as Senator for Alachua county (23d district), pledging my support of all measures in the interest of the masses as against the classes; and especially do I pledge my support and influence in aid of the common schools and maintenance of the State University upon a liberal basis such as will enable parents to obtain for their children a thorough education in their own State, as well as all measures tending to promote the religious and moral welfare of the entire people. Thanking my friends for their support in the past, and soliciting the vote of all Democrats at the coming primary, I am very respectfully.

H. H. McCREARY.

For the Legislature.

At the solicitation of many friends I have consented to make the race for the Legislature and hereby announce myself as a candidate, subject to the Democratic primary.

A. N. SHEATS.

In response to the solicitations of many friends I respectfully announce that I will be a candidate for the Lower House of the Legislature, subject to the Democratic primary. If elected I promise to do all in my power to protect the best interests of our beloved county. Respectfully,

THOMAS A. DOKE.

I announce myself a candidate for the Legislature at the coming primary, subject to the action of the Democratic voters of the county. If elected I will endeavor to make some very radical changes in the present divorce law. I am in favor of keeping the State University at Gainesville forever.

Alachua, Fla. CHAS. HODGE.

At the solicitation of friends I announce myself a candidate for Member of the House of Representatives, subject to the will of the people, as expressed at the Democratic primary election.

I shall favor the maintenance of the State University, now established in this county, with liberal appropriations for its development, and the advancement of public education throughout the State.

I believe in a Railroad Commission, and shall support any legislation enlarging its powers and increasing its usefulness.

All measures tending toward the moral development and growth of our State will receive my hearty support.

BURT E. DAVIS.

S. L. Carter will be a candidate at the primary election for Member of the Lower House of the Florida Legislature.
